

# SB CONTENT PACK — Manta Point & Nusa Penida

**Shoot raw. Upload daily. We make it beautiful.**

Part 1 is for Brodi — how to film every tour (simple English, pages 1-3). Part 2 is for Alex — how to edit, post and get clips from other suppliers (RU, pages 4-5).

v1 · July 2026

Vertical video only

70% people · 30% views

## PART 1 FOR BRODI — HOW TO FILM

simple English · read once, then just follow "The 5 Moments"

### 1 How this works 3 rules only

- ☐ **You film short raw clips** during the tour. Phone vertical. **No editing, no music, no filters, no text.** Just real moments.
- ☐ **Same evening — upload ALL clips** (phone + GoPro) to our shared album. Don't choose "the best" — upload everything, even fails. Fails are often the funniest content.
- ☐ **Alex edits and posts.** More views → more guests → more money for both of us. Your only job: catch real moments.

### 2 Phone setup do this once

- ☐ Camera: **1080p at 60 fps** (or 4K 30 if you have storage). Grid ON.
- ☐ **Wipe the lens before every clip** — t-shirt is fine. Sea spray kills more videos than anything else.
- ☐ Free up phone storage every week. Bring a power bank every tour.
- ☐ GoPro: highest quality, horizon lock ON if it has it. Same rules as the phone.

### 3 Golden rules

- ☐ **Vertical. Always.**
- ☐ **Clips 5-15 seconds.** Many short clips beat one long video.
- ☐ **70% people, 30% views.** A cliff with no face = wallpaper. A face SEEING the cliff = a story.
- ☐ **Start filming 2 seconds before** the moment, keep 2 seconds after. Editing needs "air".
- ☐ **Faces, laughing, screaming = gold.** Views are bonus.
- ☐ Ask first, with a smile: "Can I film you for our page? You'll get all the videos free." 9 of 10 say yes.
- ☐ **Film EVERY guest surfacing after the mantas.** Every single one. This is our best shot.
- ☐ Hold the phone with two hands. Move slowly.

### 4 The 5 Moments catch all five, every tour — then the day is covered

1

#### WELCOME

first fist bump, gear  
handout, smiles at the  
harbor

2

#### THE WAY

boat / car moving,  
wind, splash, music,  
singing

3

#### THE LAUGH

any joke, dancing,  
group energy between  
guests

4

#### THE WOW

manta, jump, cliff  
reveal — the peak of  
the day

5

#### AFTERGLOW

tired happy faces, high  
fives, "best day ever"

**Got these 5? The day is covered. Everything else is bonus.**

## 5 Brand moments repeat every tour — this becomes our style

- ☐ **"Good energy only"** + fist bump with the group at the start.
- ☐ Loud **"3... 2... 1..."** before every jump into the water.
- ☐ **"Wait for it..."** before showing guests a viewpoint.
- ☐ Show the manta clip **on the GoPro screen** to a guest — film their face, not the screen.
- ☐ One **group shout** at the end of the day.

## 8 Never do

- Don't edit, don't add music / filters / text — send RAW
- Don't film while driving

- Don't push shy guests — ask once, smile, move on
- Don't delete "bad" takes — upload everything
- Don't hold the phone horizontal

## 9 Evening routine 10 minutes

- ☐ Wi-Fi on → open the shared album → select ALL today's clips (phone + GoPro) → upload.
- ☐ Weak internet? Upload the best 15-20 now, the rest at night.
- ☐ Message Alex one line: "*Uploaded. Best moment: \_\_\_\_*"

**No upload = the day never happened.**

**10 Три шаблона монтажа** один ролик = одна мысль**Шаблон А — «WOW»** · 20–25 сек · основной формат, 2–3 раза в неделю

| Что стоит в кадре |                                                                        |
|-------------------|------------------------------------------------------------------------|
| <b>0–2 сек</b>    | Hook текстом поверх движения (лодка режет волну, прыжок, бег к обрыву) |
| <b>2–8 сек</b>    | Люди: 3 клипа по ~2 сек — смех, ветер, «3-2-1»                         |
| <b>8–14 сек</b>   | WOW: манта / Kelingking (1–2 клипа, самый сильный — последним)         |
| <b>14–18 сек</b>  | Реакция: выныривание, крик, глаза                                      |
| <b>18–24 сек</b>  | Afterglow + СТА текстом («DM 'MANTA' for dates»)                       |

Правила: резать по движению и биту; каждый клип добавляет новое; ни одной паузы длиннее секунды.

**Шаблон В — «VIBE»** · 15–20 сек · продаём чувство «свои люди», не место

| Что стоит в кадре |                                                                          |

| <b>2–12 сек</b>   | Только люди: пение, колонка, приколы, харизма водителя, внутренние шутки |
| <b>12–16 сек</b>  | Один красивый кадр как фон финала                                        |

**Шаблон С — «TRUST»** · 25–35 сек · 1 раз в неделю обязательно — это ответ на страх «меня кинут»

| Что стоит в кадре |                                                                                                           |
|-------------------|-----------------------------------------------------------------------------------------------------------|
| <b>0–2 сек</b>    | Hook-вопрос: «Is Manta Point safe?» / «Can we guarantee mantas?»                                          |
| <b>2–25 сек</b>   | Броуди в кадре отвечает ОДНОЙ мыслью простым английским; поверх — b-roll: брифинг, жилеты, лодка, команда |
| <b>25–35 сек</b>  | «Pay on tour. No prepayment.» + СТА. Субтитры обязательно                                                 |

**Общие правила публикации:** обложка с текстом · авто-субтитры EN · гео Nusa Penida / Bali · 3–5 роликов в неделю · лучшие в закреп · оригинальный звук (крики, смех) часто сильнее музыки · для платной рекламы — только Meta Sound Collection или original audio.
